UHC Performance HMO Plan

Plan Overview

This plan helps you make informed decisions about the Primary Care Provider (PCP) you choose.

- Your PCP's medical group is placed in either Network 1, 2, or 3.
- Medical groups are ranked on quality scores from the California Office of the Patient Advocate (visit opa.ca.gov) and what they charge for services.
- Copays vary by network. PCPs in Network 1 have the highest performance ratings and lowest copays.

How to Enroll

You and any eligible dependents must choose the same Network—but your PCP's medical group can be different.

- **Choose Network 1, 2, or 3**
- **Choose your Network carefully** (you can't change Networks during the year)

Your PCP

Find a PCP at myuhc.com ▶ UnitedHealthcare Signature Value Plans ▶ CS VEBA Performance HMO.

- **Your PCP is your health care partner**
- **See your PCP for all medical concerns**
- **Your PCP must refer you to a Specialist** (otherwise you may have to pay the specialist's cost)

Chiropractic Benefits

The plan includes Chiropractic benefits (and Acupuncture if your district offers it) through Optum Health.

- **You do NOT need a referral from your PCP**
- **Treatment must be medically necessary**
- **For ongoing treatment, you may be required to get a referral from Optum Health**

Prescription Drug Benefits

Your prescription drug benefits come through

Express Scripts. When you use an Express Scripts Advantage Network (EAN) pharmacy, you pay lower copays.

Starting after October 15, visit vebaonline.com ▶ Members ▶ Enroll Here ▶ Active Members ▶ Choose a Health Plan (Click on Express Scripts weblink to find an EAN pharmacy, to view your benefits, and more!)

Short-Term Drugs

- ▶ Get up to a 30-day supply
- ▶ You pay 1 copay
- ▶ Use EAN or non-EAN pharmacy

Maintenance Drugs

- ▶ Get up to a 90-day supply
- ▶ You pay 2 copays
- ▶ Use Smart90 or Express Scripts Home Delivery

Important Note: You must fill the 4th and following prescription of a maintenance drug at a Smart90 pharmacy or through Express Scripts Home Delivery to avoid paying a penalty.

³ You must fill the 4th and following prescription of a maintenance drug at a Smart90 pharmacy or through Express Scripts Home Delivery to avoid paying a penalty (equal to 2 times the short-term drug copay for up to a 30-day supply).

⁴ Services must be medically necessary and may be subject to prior authorization from Optum Health.

How the Performance HMO Plan Networks Work (Performance = Quality of Care + Reasonable Cost)

To help you get the highest quality care at the lowest possible cost, the Performance HMO Plan ranks medical groups in three Networks based on quality and cost as described below. Medical Groups in Network 1 have the highest quality and lowest costs.

Quality. The Office of the Patient Advocate (OPA's) scores show how well medical groups meet nationally recognized standards for providing their patients with good care. Visit the OPA at opa.ca.gov for details.

Cost. Cost information is based on actual costs paid by the insurance company for VEBA members.

Disclaimer: This summary is merely a brief description of the major benefits of the plan(s) and is not intended to alter or expand benefits, rights or liabilities as set forth in the official plan documents and contracts. Limitations may apply. See the Certificate/Evidence of Coverage for details.
